Mastery Zone provides information regarding the overall mastery for a group of students summarized by item, standard, or strand on the assessment.

- A** Select which school, teacher and/or period to view.
- B** Aggregate assessment data is provided here.
- C** Assessments included in this report (columns for additional assessments can be added by selecting 'Compare to Other Tests').
- D** Report Actions:
  1. Select All (for printing individual reports)
  2. Excel – download results into an excel document
  3. Entries Per Page – choose the number of student records to show on each page
  4. Show Baseline Scores – show students score on previous state assessment
  5. Print Individual Reports – (see next page) Benchmark assessments only. Filter must be set for an individual teacher for this report to be available. Choose student(s) by selecting the box to the left of their name, then click on Print Individual Reports.
- E** Assessment results, including points obtained and percent correct. Predictive assessments also include a projected performance level, growth measurement (as compared to student baseline score when available) and suggested average. Predictive information is posted several days after the district's results have been published to reporting.
