### Online Review

To create a review for students to take online, click *Create* under Online Review. The online review is created per test assignment. So, after clicking create users will need to select the test.

#### Online Review

Create/edit individualized online review assignments based on prior assessment results.

[CREATE](#)

Manage student access, edit review assignments, and view results.

[MANAGE](#)

Defining an online review works the same as creating review worksheets.

After clicking *Save as Online Review*, users can choose to define another review or manage the review they just created. Users should choose to manage the review if they are ready to administer the review to students.

SAVE AS ONLINE REVIEW	
Student	% Correct
Buckley, Jay'den	33
Cantu, Waylon	64
Conley, Isabelle	56

The Online Review works similarly to online testing in EZ Assessment in that online reviews need to be opened for testing. Users will need to click the Actions button and click Open. Settings for the Review can be edited in the box that pops up. Users can determine if they want the students to see their answers from the original test, the review test, or both. Users can also select whether students log in using their name or their MSIS number.

#### OLA Settings

---

**Which Answers Can Students See**

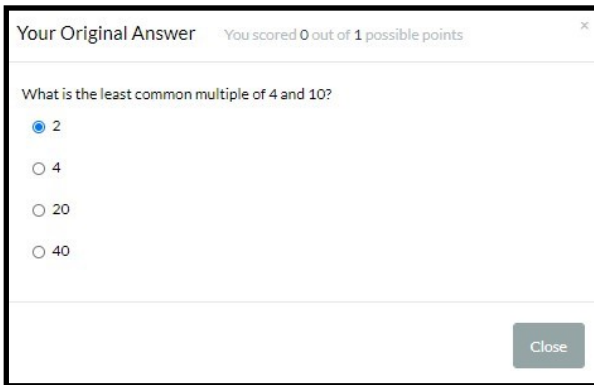

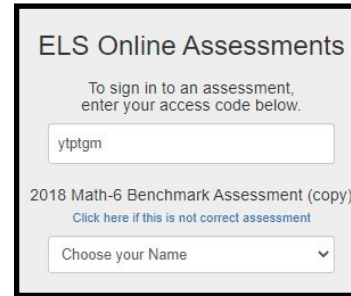

Original Answers  Review Answers

**Login Method**

Select Name from List  MSIS #

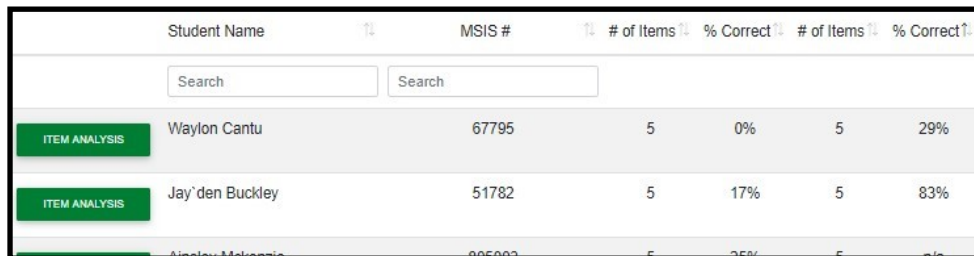

[SUBMIT](#)

Students will log in the same way they log into their regular assessment, by going to *ezatest.com* and putting in the generated access code.

When students login, they will see just the items assigned on the review, and will be able to click *View Original Answers* if that option was selected.

After the review has been completed and closed by clicking Actions and Close, users can view the results and compare student review answers to their original answers by choosing *View Results* from the Actions menu.

	Student Name	MSIS #	# of Items	% Correct	# of Items	% Correct
ITEM ANALYSIS	Waylon Cantu	67795	5	0%	5	29%
ITEM ANALYSIS	Jay'den Buckley	51782	5	17%	5	83%
ITEM ANALYSIS	Ainsley Makensie	995093	5	25%	5	0%
